About Doré Copper Mining Corp.

Doré Copper Mining Corp. is a copper-gold explorer and developer in the Chibougamau area of Québec, Canada. The Corporation is focussed on implementing its hub-and-spoke development strategy by advancing its key high-grade copper-gold brownfield projects towards a restart of operations. Our goal is to achieve an annual production of 60 M lbs of copper equivalent (or 100,000 oz gold equivalent).

The Corporation has consolidated a large land package in the prolific Lac Dore/Chibougamau and Joe Mann mining camps that has produced 1.6 B lbs of copper and 4.4 M oz of gold. The land package includes 13 former producing mines, deposits and resource target areas within a 60-kilometre radius of its 2,700 tpd mill (Copper Rand Mill).

Doré Copper has resumed its drilling program for 2021 which will lead to an updated mineral resource estimate in Q2 2021 for the Corner Bay (Cu-Au) deposit and the former producing Joe Mann mine (Au-Cu), and a PEA in Q4 2021.
